

Third Party Software Permission

Dear Parent/Guardian,

Alfred Deakin High School (ADHS) is committed to providing a technology rich environment for our students as our community believes the use of Information and Communication Technology (ICT) is fundamental in assisting teaching and learning in all areas of the school curriculum.

The use of web based learning resources and cloud based storage has risen steadily over the last decade and are increasingly being used by teachers across the Directorate to improve student learning outcomes.

Teachers make decisions about the best technology to meet the needs of their students. There are a range of applications provided by the ACT Education and Training Directorate that provide secure access to students; however these do not always provide the services required by our teachers and for our students. Sometimes it is beneficial for the student to utilise services provided by third party web based providers.

Types of services provided by these service providers include online content creation, collaborative tools, online educational games and various administrative programs for tracking student assessment data.

Our school wishes to register with a range of web based service providers, which are listed below. Registering with these providers requires that some personal information about a student in your care is divulged. This may include: Student Name, Student Code, Year group and student email address (we will only use the minimum amount of student information). To ensure that we comply with the Commonwealth Privacy Act (1988), we need to seek your permission for the use of these sites. It's important that you understand the reasons that these websites collect this information, what will be done with it and who else may have access to it. For each of the websites that the school intends to use, we have included a link to the website's terms and conditions and/or privacy policy. Please read these and ensure that you understand the implications of using this service before giving your consent.

You will already have received a similar letter to this previously, this is to update the list of software that we intend to use in 2015

For ease of access to the links, this document, along with a document outlining all of the third Party software conditions, can be found on the ADHS website: <http://www.adhs.act.edu.au/ict@adhs>

NEW THIRD PARTY SOFTWARE FOR 2015

WHOLE SCHOOL AND ADMINISTRATION SOFTWARE

Name of Provider: SOBS (New 2015)
