

GenAI Student ROADMAP

6 STEPS

1

Did my teacher give permission to use AI?

- No → Do not use AI. Instead, ask your teacher for clarification on permitted resources.
- Yes → Continue to next question

Is this for personalised feedback, summarising, brainstorming?

- No → Do not use AI. Review the list of appropriate uses and consider how to adapt your task.
- Yes → Continue to next question

2

Can I cite the AI use properly?

3

- No → Learn proper citation methods before using AI. Refer to your school's guidelines on citing AI.
- Yes → Continue to next question

Am I protecting privacy and not inputting sensitive information?

- No → Stop and remove any personal or sensitive information. De-identify data before proceeding.
- Yes → Continue to next question

4

Will I critically evaluate the AI output for potential bias?

5

- No → Pause and review the concepts of AI hallucination and bias. Plan how you'll verify information.
- Yes → Continue to next question

Does this align with my learning objectives and curriculum standards?

- No → Reconsider your approach. Consult with your teacher on how to align AI use with your learning goals.
- Yes → You can use AI responsibly for this task
